EXPERT NOVATEC FCT TRAINING AT SOS COMMUNICATIONS

(West Sussex, England) SOS Communications has recently held a two day training event at their premises in West Sussex, focusing on the latest telecom technology aimed at the corporate market – NovaTec Fixed Cellular Terminals.

Product experts from the NovaTec Head Offices flew over from Germany to host the two courses – Technical & Engineering and Sales & Marketing. The courses involved discussions on a variety of product information, from a general overview of the product and its USP's, to in-depth technical programming and software applications.

SOS Communications will be planning more NovaTec courses in the future. If you would like any more information or you would like to sign up for the next NovaTec Training course, please contact Beth Ashley at: bashley@soscommunications.co.uk, or telephone: 0870 600 8 505, to register your details.

#####

SOS Communications is a distinguished distributor and broker of telecoms systems – enabling true dealer support. We can provide the latest developments within the telecoms industry, from most recognised manufacturers. Operating since 1994, SOS Communications is a distributor and the only recommended repair centre for Toshiba Business Communications Division.
