SOS FORUM FOR TOSHIBA PARTNERS

(West Sussex, England) Authorised Toshiba Distributor – SOS Communications holds quarterly Forums for its Toshiba Partners, and in June this year, the Forum took place at Toshiba's Offices in Weybridge. The event was held to enable SOS Communications to present a number of changes and new initiatives that are taking place to benefit the Partners. The event also provided Toshiba with the opportunity to update the SOS Partners with recent and future developments involving Toshiba as a whole.

For further information on the support structure offered by SOS Communications for Toshiba Partners, please contact Karen on 0870 600 8 505.

#####

SOS Communications is a distinguished distributor and broker of telecoms systems – enabling true dealer support. We can provide the latest developments within the telecoms industry, from most recognised manufacturers. Operating since 1994, SOS Communications is a distributor and the only recommended repair centre for Toshiba Business Communications Division.
